Ms. Mindy Block
Quality Parks
P.O. Box 143
Port Jefferson, NY 11777-0143

Dear Ms. Block:

SUBJECT: U.S. DEPARTMENT OF ENERGY (DOE) FREEDOM OF INFORMATION ACT
(FOIA) REQUEST NO. #CH-2010-01798-F

I am the authorizing official responsible for making the determination required by Section 1004.5(b) of DOE regulations found at 10 CFR Part 1004, implementing the FOIA, 5 U.S.C. 552. This letter is in final response to your subject FOIA request.

In your original FOIA request you were seeking the following:

- The DOE lease agreement between BP (Long Island Solar Farm) and DOE - Brookhaven National Laboratory facility for lease of land for solar array;
- Construction site plans for the solar array; and
- LIPA agreement with BP and or DOE regarding the solar array at the BNL site.

In your August 30, 2010 telephone conversation with DOE Attorney Michael McCann, you narrowed your request to include only the "consideration" portion of the BP Solar Easement. Be advised that we conducted a search of DOE's Brookhaven Site Office and located the enclosed responsive records. The enclosed records we are providing to you are the only records responsive to your FOIA request, and therefore, this response represents our full release of records for your request.

You are categorized as an "Other" requester, and as such, related costs for search and duplication of records are applicable under FOIA, with the exception that there is no charge for the first 2 hours of search time and the first 100 pages of responsive material. Because search time did not exceed the 2 hour threshold and the responsive material does not exceed 100 pages, there are no costs associated with your request.

If you have questions regarding this response, please contact DOE FOIA Officer, Miriam Legan at (630) 252-2041 or via e-mail at miriam.legan@ch.doe.gov.

Sincerely,

Michael D. Holland
Site Manager
